

BUTTERFLY HEAD SUPPORT (BS1155)

PART OF THE BURNETT REMOULD™ HEAD FAMILY

The Butterfly Head Support provides moulded cushioning support of the occipital cavity, helping provide stability to the head position and is ideally suited for users with Hydrocephalus or Motor Neurone Disease.

FEATURES & BENEFITS

- Vacuum-moulded postural support aid that retains set shape over multiple uses
- Suitable for use with over 30 medical conditions*
- Simple manipulation of soft beads to create a personalised postural moulded shaping support
- Easy to prepare and remould as required
- Easy to operate non-return valve
- Soft-touch 4-way stretch vinyl pouch that is durable, and fire retardant with robust heat-sealed seams
- Hygienic and easy to clean
- Can be used as stand alone support or in conjunction with other supports
- Adjustable strap fixing with clunk-click buckle allows easy application to any suitable chair frame increasing versatility of support
- Promotes head position stability when seated

Also available with Quilted Cotton cover (shown) or 3D-Spacer cover
