

FULL BODY CAR SEAT SUPPORT

ADULT (BS1115) JUNIOR (BS1117)

PART OF THE BURNETT REMOULD™ CAR FAMILY

This convenient vacuum-moulded postural support aid gives users the freedom to travel without the need for special vehicle adaptation.

FEATURES & BENEFITS

- Vacuum-moulded postural support aid that retains set shape over multiple uses
- Suitable for use with over 30 medical conditions*
- Simple manipulation of soft beads to create a personalised postural moulded shaping support
- Easy to prepare and remould as required
- Easy to operate non-return valve
- Soft-touch 4-way stretch vinyl pouch that is durable, and fire retardant with robust heat-sealed seams
- Hygienic and easy to clean
- Full body support including head, neck, shoulders, lateral and seat.
- Support, comfort and security easily created by ramping the flared seat to create a pommel if required.
- Can be used in front or rear seats.
- BS1115 ADULT: Suitable for users UNDER 1.75 metres height
- BS1117 JUNIOR: Suitable for paediatric users

BURNETT REMOULD™ Car Family products are intended for use as additional postural supports in conjunction with a standard car seat or in an existing properly installed child's car seat. Straps are provided to secure the support in place and are not approved as vehicle safety restraints. BURNETT REMOULD™ car supports must not be installed in a way that interferes with the correct use of vehicle seatbelts.

During transportation, users of the supports must use the official seat belts at all times in keeping with the law governing seatbelt use.
